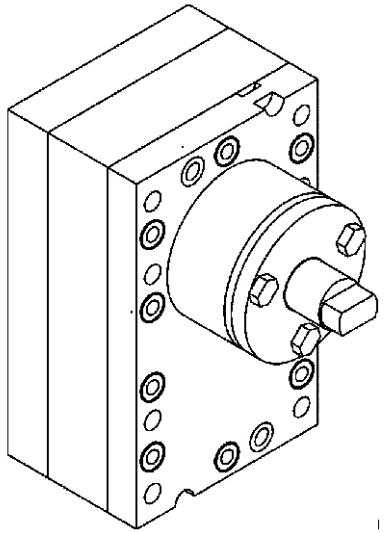
Gear pumps for manufacturing yarn NITRON

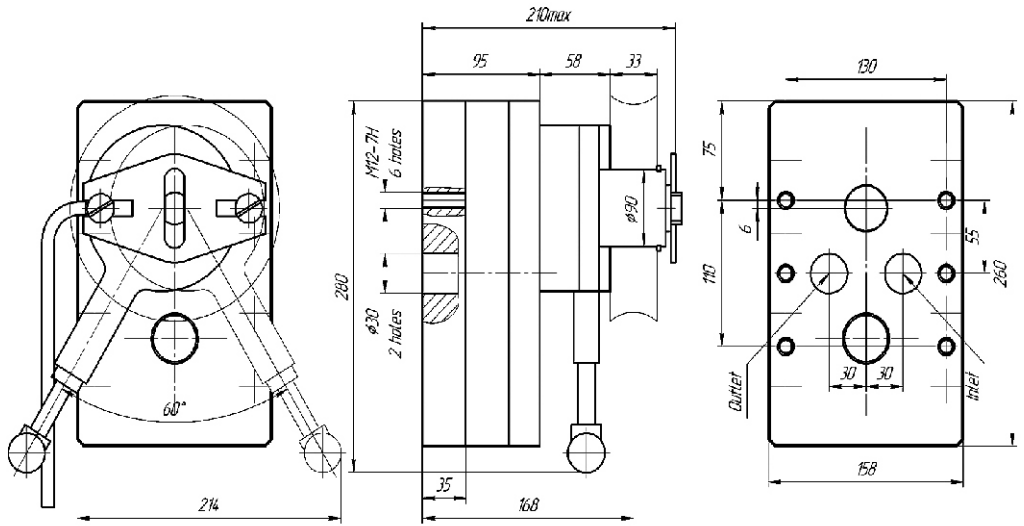


Gear pumps

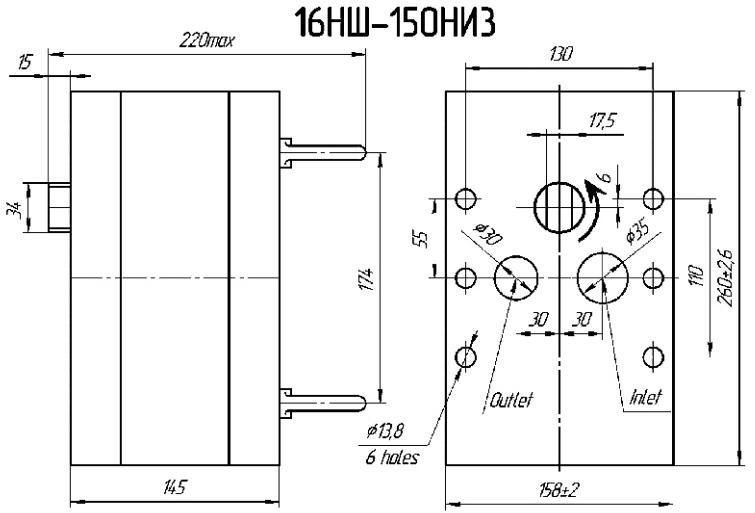
- Suitable for melted polymers (PAN, Nitron) and man made fibers
- High mechanical and chemical resistance steel
- Variations of connections and designs on demand

Capacity range, cm^3/rev	75÷250
Melt viscosity, Pa*s	2÷60
Operating temperature, °C	20÷40
Rotational speed, MPa	10÷45
Max outlet pressure, cm^3/rev	4,0
Mass, kg	
15НШ-75НИ	36,5
16НШ-150НИ3	42
НШ-150НИ4	46
НШ-250НИ1	50

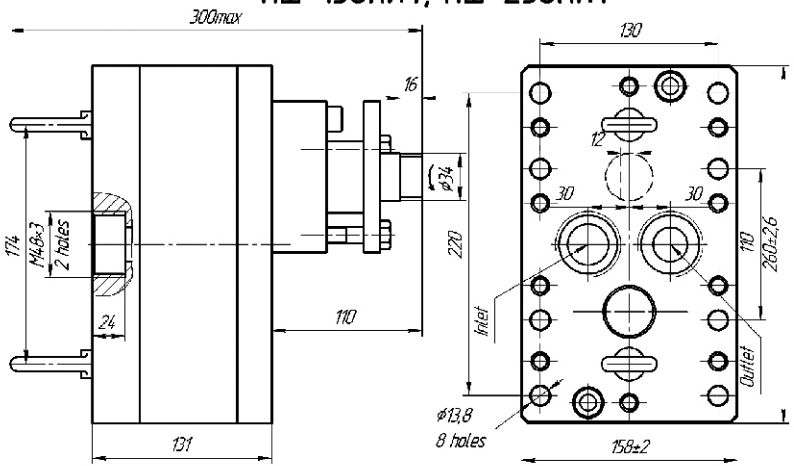
15НШ-75НИ



16НШ-150НИ3



НШ-150НИ4, НШ-250НИ1



Each pump is tested on special stand for quantity of feed
Testing medium – mineral oil with viscosity of 5.11-5.78 Pa*s at 20 C°
